State _____ Zip Code _____	N41 _____ W72 _____
Cell _____	Mooring Weight _____
Email _____	Mooring Type _____

Three Belles Marina is an authorized mooring service provider for the towns of East Lyme, Waterford and Old Lyme. We provide regular mooring inspections as per town requirements.

Inspection requirements are a minimum requirement and should not be relied upon for your safety or the safety of your vessel. Moorings wear differently depending on location, conditions, materials used, and the weight and type of vessel moored. TBM recommends annual reconditioning service especially in Niantic Bay, Black Point, Giants Neck, and Point O' Woods.

SERVICE RATES:

- Reconditioning & Winter Storage Service:** *(Recommended year of required inspection). Mooring will be hauled in the fall, stored, cleaned, inspected, repaired and set in the spring. Mooring ball will be repainted and labeled as required. Customers will be called if repairs are in excess of \$300.00.* **\$350.00**
- Fall Service:** *Remove mooring ball, pennant and mast buoy and install winter stick. Mooring ball to be stored at TBM or picked up by customer. Labor included, parts extra.* **\$125.00**
- Spring Service:** *Remove winter stick and install mooring ball, pennant, mast buoy and provided permit sticker. Winter stick stored at TBM or picked up by customer. Labor included, parts extra.* **\$125.00**
- Inspection Service:** *Haul mooring on location, inspect, repair, and replace mooring tackle as necessary, reset mooring, and submit required inspection form. Moorings requiring more extensive repairs will be returned to TBM for service upon customer approval.* **\$200.00**
- Reset Mooring:** *Haul and reset mooring to new location coordinates.* **\$175.00**
